Additional Notes

• This past year the course was completely rebuilt from the ground up in 10 months and had a 13-week grow-in period. The restoration was committed to environmental stewardship.

• Restoration highlights include: using a 1949 aerial photograph for guidance of shaping; reshaping fairways and green complexes; fairway conversion from Meyer zoysia to Zorro zoysia; greens conversion from Mini-Verde bermuda to TifEagle bermuda; bunker placement in fairways and around greens; stream reclamation between No. 6 and 7; converting No. 14 to a par 5; adding a variety of tees for members.

Mike Strauss • Media Relations Manager • (O) 785-312-5164 • (C) 785-865-8444 • mstrauss@gcsaa.org • www.gcsaa.org

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 20,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
